* Calculated on distance from Leeds. Scotland and remote areas would incur additional transport. You are welcome to deliver in to us thus not incurring transport costs

Once the assessment results have been calculated either a self billing invoice (credit) or a standard sales invoice (debit) will be issued. All invoices are itemized and copies of assessment are available upon request. Please note all charges are subject to VAT and are valid for 90 days from the date above. Please review our Terms and Conditions by visiting www.wastecare.co.uk/terms-conditions/. We reserve the right to levy additional charges should the materials not be as described or our vehicle be held on site for an excessive time.

Any containers that fail to meet our Used Packaging Acceptance Conditions will be issued with a Non Conformance and the load will be quarantined. In these circumstances the customer will be given a separate quotation for the disposal of the packaging and a quotation to have the load returned. Customers can also make their own arrangements to have the load collected.

We look forward to being of service, in the meantime; please do not hesitate to contact me should you require any further information.
