Your approval is subject to the conditions specified in Part 2 of Schedule 4 to the Regulations. Your approval applies only to the named operator for the specified approved overseas sites only.

Your approval is valid from 01 January 2023 and ends on 31 December 2023, unless it is otherwise suspended or cancelled.

The approval allows you to export waste automotive and industrial batteries for treatment and recycling to these specified approved overseas sites.

Suspension and cancellation of approval

We may suspend or cancel your approval where it appears to us that you have failed, or are likely to fail, to comply with any of the conditions of approval. Suspension or cancellation may extend to one or more of your overseas sites, or may apply to your whole approval. Your whole approval will cease to have effect if you cease to be a battery exporter, or you request that your approval should be cancelled.

You must notify us immediately, in writing, of any changes to the details submitted with your application. If you wish to export to any additional overseas sites you must submit an application to extend your approval to cover these sites, which will incur a charge of £110 per additional site.

You must ensure that all international shipments of waste batteries are in accordance with the Waste Shipments Regulations. More information on this can be found on our website at <https://www.gov.uk/guidance/importing-and-exporting-waste> or by contacting our International Waste Shipments team on 01925 542 265 or emailing to AskShipments@environment-agency.gov.uk.

This approval does not replace any other environmental authorisation that you may have for the sites. You must continue to comply with these and other relevant legislation.

Please contact Callum Dowling on 020 847 476 08 if you have any queries.

Yours sincerely
